

Resolution #09-0202-07

Approving the purchase of specialized snow and ice control equipment for the Park Department

Whereas, Liberty Township has significant amount of walking and biking trails and encourages a healthy lifestyle for its' residents, and

Whereas, there is the ability to have Liberty Township park staff clear these recreational trails of snow and ice, on a low priority basis (never to compete with road and parking lot clearing priorities), for the enjoyment of our residents, and

Whereas, in order to initiate this additional service to our residents the Park Department would need to add specialized snow and ice control equipment to our and existing John Deere equipment which prevents a bid situation as a sole source supplier situation,

Now, therefore Be it Resolved, by the Liberty Township Board of Trustees, Delaware County that the Trustees approve the purchase of specialized snow and ice control equipment for the existing John Deere equipment in order to add a new service to the residents on a "low priority" basis enabling our residents to safely travel the area recreational trails more easily and frequently during the winter season,

Be It Further Resolved that the amount of \$7,066 be paid from the general fund to JD Equipment, Inc. of 1660 US 42 NE of London, OH 43140 for the specific equipment in the attached price quote.

This Resolution shall be in force and become effective immediately upon its execution.

Motion made by Mann and seconded by Guzzo.

Vote: yes Ms. Guzzo yes Mr. Mann yes Mr. Sybert

This Resolution shall be in force and become effective immediately upon its execution.
