Existing Program

1. Program Description:

In 2008, the fire department was directed to establish a computer rotation schedule for budgeting purposes. This information was gathered with the assistance of Nate Bowers and InfoLink Technologies. Each year the department will budget for approximately 3 computers to be replace. This year is the fire prevention bureau. We are requesting three desktop computers to replace the 3 laptops that are currently being used.

2. Service Delivery Impact

Allows for us to keep computer systems up-to-date with the latest technology and have less down time for software issues.
