The posted road season is approaching once again. If you plan to post any roads in your township, please fill out the enclosed sheet. The enclosed sheet must be accompanied with a brief statement on your township letterhead requesting, "The following roads will be posted for the above listed dates in 2011."

You must return this form and letter to our office by Monday, November 1, 2010. **Please contact our office if you cannot meet this deadline.** You are responsible for the installation and/or removal of proper signage on these posted roads. If your township does not wish to post any roads this season, please inform us **in writing**.

Please note that roads that are shared by multiple townships or that run through multiple townships require that all effected townships submit request with a common load limit. In addition, all reductions must be from intersection to intersection.
