Subject: Surplus equipment

Dave,

The road department would like to have the following equipment/supplies declared as surplus and be liquidated using Govdeal.com and the proceed deposited into the road department capital reserve fund.

1. 1997 MB pickup broom with skid steer mount, asset number 0249
2. 1970's truck mounted berm belt, asset number unknown
3. Approximately 4000 feet of 12 inch edge drain with misc. fittings

These items have been replaced by newer and better equipment over the past couple years and are no longer of any use to the department.

Thanks,
Randy
