Good afternoon,

If it is possible I would like to have resolutions on the agenda for repairing the drinking fountains here at Liberty Park. I have attached a quote for a plumber that is on State bid to do the work. I highlighted on there if any extra parts are needed it is at an additional charge would it be possible to add an extra \$500 to cover them cost if needed. The other attachment is for a new drinking fountain to replace one of the original drinking fountains from 1991. The first quote is the best price and the one that I recommend going with. If you need any additional information please let me know.

Thank you
