Ref: Electrical Quote

We propose to furnish labor to install a new 100-amp stand alone electrical service. Will need to install PVC conduit and wiring on the existing utility (AEP) pole. Will need to install an outdoor meter box and electrical panel with a main breaker. Will need to locate the existing underground sign PVC conduit and wiring to reroute to the new outdoor electrical panel.

We propose the sum of \$2,400.00 for the above project.

Owner will furnish all materials required for the completion of the 100-amp electrical service.

Owner to perform the trenching, final grading, seeding and strawing.

Owner to furnish all permit/inspection fees.

Please feel free to call me if you have any questions.
