

**RESOLUTION #17-0605-08**

**Authorize Expenditure for Township Hall Audio Repair and Upgrade Work**

**WHEREAS**, the Liberty Township Hall is used for public meetings, trainings and other public and Township events, and

**WHEREAS**, it is in the best interest of the Township to ensure the audio system is in good working condition in order that the Board of Trustees, Zoning Commission, Board of Zoning Appeals, residents, public speakers and others are audible to those in attendance and for record keeping purposes and meetings may be recorded, if necessary, per Public Records Policy

**WHEREAS**, it has been determined that the system currently installed does not work and is not adequate in meeting these needs.

**NOW, THEREFORE BE IT RESOLVED BY THE BOARD OF TRUSTEES OF LIBERTY TOWNSHIP, DELAWARE COUNTY, OHIO**, authorizes an expenditure not to exceed \$5,266.85 for the repairs and upgrades to the Township Hall audio system, payable to Live Technologies, 3445 Millennium Ct., Columbus, OH 43219.

Motion made by Mitchell and seconded by Eichhorn.

Vote: yes Mrs. Eichhorn N/P Mrs. Leneghan yes Dr. Mitchell

This Resolution shall be in force and become effective immediately upon its execution.

**Subject:** Re: FW: Out of town

Sure Matt,

Here is the list of the different categories. Not all hours we account for are purely installation hours but they are hours spent working on this particular project. We would love the opportunity to earn your business so we don't charge to come out and do initial design work, and the goal here was to grow beyond your existing set up in the near future (streaming/training/video etc)

This set up should be perfect for expanding into the world of video and streaming when the time comes. The next piece of equipment we need should be able to integrate for your future needs with the equipment we have selected, and that is part of the thought process behind this quote (per your request of course)

Sorry for any delay on this by the way ...I will be back in the office tomorrow late / all day Thursday if you would like to get started on this or have any questions! Have a great one!

- 1 SI Assemble Proposal Labor
- 4 SI Design/Engineering Labor
- 4 SI Project Management
- 16 SI Installation Labor (2 guys 8 hours)
- 4 SI Travel Labor (2 guys an hour each direction)

Eric,

Thank you.

Can you explain the labor cost? When you and I spoke you mentioned a State Contract rate of \$90/hour. If I look at the attached and subtract the equipment cost, the remaining amount is \$3,096.59. Divide that by the hourly rate of \$90 and it is 34.4 hours of labor. That seems like a long time for this project. Could you provide more information regarding to this part of the quote?
